FIRST U. P. CHURCH HAS GREAT MEETING THURSDAY EVENING

Taking for his theme, "The Great Salvation, and the Danger of Neglecting It," Dr. McChesney of Cedarville College, brought a most excellent message to those present at the service Thursday evening.

Paul was a master missionary. He yearned to take with him all to whom he preached. His motto was "The World for Christ, his determination 'not to know anything save Jesus Christ and Him crucified.'" After that day on the Damascus highway, all his talents and powers were dedicated to this laudable ambition. He would that he might preach the Gospel even so far as Spain, being not ashamed to preach it even in Rome.

This was the spirit that seized Savanarola, Martin Luther, Bishops Ridley and Latimer, John Knox and John Wesley. This is the spirit that seizes the sons and daughters of Jesus Christ and sends them forth to preach the fact that "Jesus reigns and the pierced hands and feet are the only cure for a lost world."

1. No other world came to save this one when lost. Heaven came in the person of God's son. Eclipsed by far was any other assembly that ever met by that TRIUNE ASSEMBLY, which arranged the salvation of men. The painter of "The Crucifixion" gave his life by giving his blood to portray the shed blood of Christ. When all other means failed, the preaching of prophets and all others, Christ came in person to announce to that assembly his plan. Silence was there in heaven for a half hour. The cherubim bowed themselves, angels wondered, the Father's heart yearned.

"How could He let the Son of His love go? Yet He did! It was the Father's good pleasure to give Him the kingdom." The Son, delighting to do the Father's will, came. He agonized, but willing, died. Satan grappled, overthrown. Sin clutched, nailed to the cross. Death came, died never to rise. Hell came, "Men with opinionated tongues denounce it, but God 54 times in His book says there is Hell." But hell was vanquished. Devils shouted, minions scorned. But Jesus opened heaven, restored fellowship, restored Eden to the heart. Now are we the children of God.

2. Denial. Many hear the truth Sabbath to Sabbath. Many are students, teachers of the word, members of churches, liberal rivers, but are without Christ and without hope. Peter exhorts men to make their calling and election sure. Men cannot of self. God's love and strength alone can. Men do not need to be abject sinners to be lost. Gordon prayed, "Save the unsaved sinners in my church." Like a ship without oars, they drift toward the shoals.

Conclusion—In the evening a southern city, a picture of serenity and peace. At midnight—a hurricane—Galveston, the pride of Texas, submerged. A weak sea wall—yes—but too late was the warning.

So of the earth. Only in mercy does God hold back His judgment. There is no excuse for a country, a church, a man, to be outside of Christ. Life will pass only too soon.

How escape? There is no other Bible, no other Savior, no other Spirit, no other Hope.

RAMPANT TROLLEY CAR WRECKS AUTO WITH BOOZE CARGO

Washington, Feb. 14—A rampant trolley car left a lot of thirst behind when it crashed into an auto carrying 128 quarts of whiskey. Police suspect the driver, who fled, was a bootlegger.

ESTIMATES FOR PAVING TWELVE STREETS ORDERED

Estimates on the cost of street paving that will involve twelve city thoroughfares, will be prepared by City Manager Riddle according to instructions of the City Commission at its regular meeting Thursday evening.

The commission instructed the manager to prepare cost estimates, on several different kinds of material for paving the following streets: Home Avenue, Cincinnati Avenue, west end of Market street, west end of Second street, Delbrook Avenue, Lenman street, Galloway street, S. Whiteman street, South Collier street, East Church street, west end of Main street and Union street. The plan covers practically all of the most important streets of the city which have not yet been paved and if carried out will give the city several more miles to its beautiful paved streets.

The new paving matter was projected not only because of its value to the city, but also at the insistence of the federal government, which is urging municipal enterprise, to provide work for the thousands of soldiers coming back from overseas. Weekly pamphlets have been received by the City Manager asking what will be done by this city to take care of unemployed soldiers, and the movement, which is nation-wide, is destined to provide jobs for the majority of the men who are not otherwise taken care of in this matter.

Investigations by tip City Manager have shown that the cost of material used in street paving will be normal this spring and summer and the time is opportune for some much needed street paving, besides the patriotic issue which is also back of the movement. No particular material has been specified, but the Manager will prepare estimates on the work from several different kinds of paving material.

The three ordinances taking care of street cleanings were read for the second time and passed at Thursday night's meeting. No other business of importance was transacted. Mayor Whalen was not present at the meeting because of an injury he suffered several days ago.

CHARMING AFFAIR AT WOLF HOME

Mr. and Mrs. Marshall Wolf entertained at their beautiful North King street home Thursday evening at a delightful dinner party.

Dinner was served on small tables arranged throughout the dining room, living room and den, and each table was decked with deep red carnations. The Valentine colors were also used in the house decorations, suggestive of the season. Dainty nut cups on the tables were fashioned from red paper roses. The place cards were clever Valentines, further carrying out the suggestion of the Valentine season.

There were covers for 66 guests at the dinner, at which Mr. and Mrs. Frank Harford of Springfield were the only out of town guests.

CEDARVILLE BAND WELCOMES BOYS HOME

The S. of V. band at Cedarville welcomed back three of its returning heroes Thursday evening, when Fred and Wallace Irvin and Clarence Sparrow, Cedarville boys with Co. F, of the 330th Infantry, arrived home from Camp Sherman.

What was left of the old band after the devastations of the draft, met the three lads at the depot and accompanied by about 100 citizens besides the discharged soldiers in uniform, they led them to the center of town, before the crowd dispersed and allowed them to go to their homes.

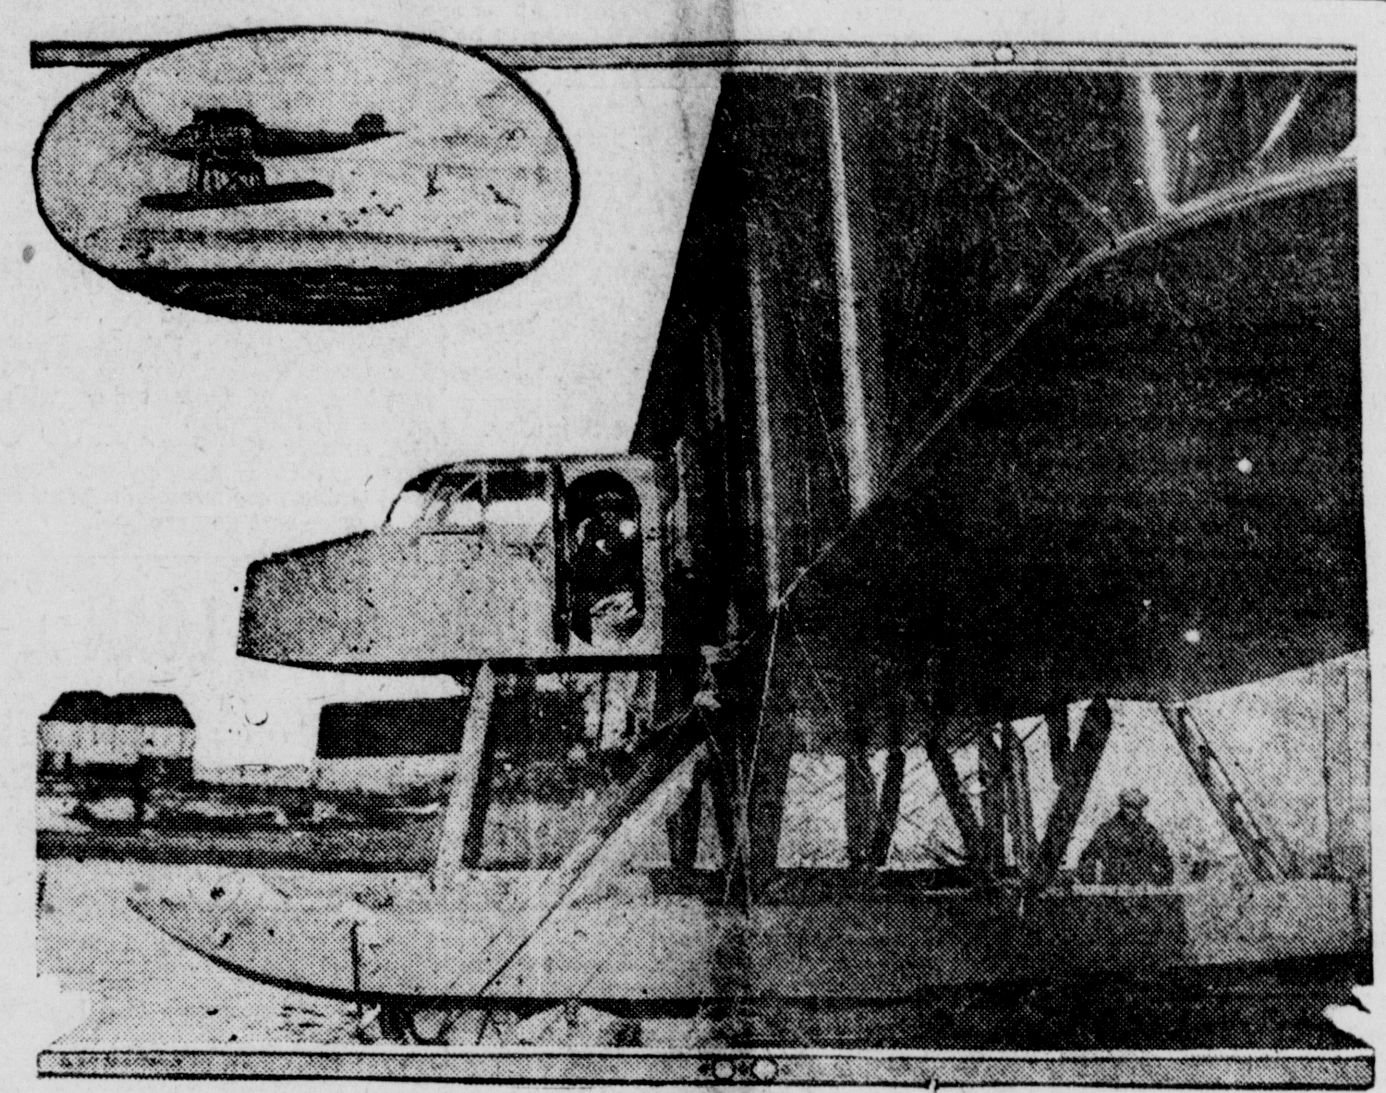

Wallace Irvin was formerly leader of the old Cedarville band, which was one of the best in the county before it was split up because of the draft, and his brother, Fred, played the clarinet. Clarence Sparrow played the slide trombone in the organization, and the band was proud to welcome back some of the old organization members who had done their bit.

SWEDISH AVIATOR MAY BEAT WORLD IN OCEAN FLIGHT

Capt. Hugo Sundstedt, Swedish aviator, in giant plane in which he plans to fly across Atlantic. Sweden may prove to be the dark horse in the race of the nations of the world to make the first airplane flight across the Atlantic. Capt. Hugo Sundstedt, Swedish aviator, is about ready to make the flight with a huge plane. It has a 100-foot wing spread and is propelled by two six-cylinder Liberty motors capable of developing 400 horsepower. The flight carries with it \$110,000 in prizes. The captain is shown above in his machine at Rayonne.

MORTGAGES TO BE TAXED AS USUAL

Mortgages must be returned for taxation this spring the same as usual.

The Shinn amendment which carried at the election last November, gave the legislature the power to enact laws exempting mortgages from a nation, but the legislature has not enacted such a law, so the mortgages are still taxable and must be returned.

The Tax Commission of Ohio is sending out the following letter of instruction to county auditors regarding this point:

On account of a number of County Auditors being under the impression the constitutional amendment, as to the exemption of mortgages from taxation being effective in 1919; the Commission deems it best to advise Auditors in this matter.

The amendment adopted by the people at the November election in 1918 is not self executing, and before it can be in effect, requires the General Assembly to enact a law exempting mortgages and amending the present law, and to define how they shall be exempted from taxation. If the General Assembly passes a law placing the amendment in operation, it would not operate for the tax year of 1919, as the law would be subject to referendum (unless it was made an emergency and it is doubtful if it would be construed as an emergency measure) and 90 days would have to elapse before it would be effective. The 90 days would extend beyond the day preceding the second Monday (13) of April, 1919, and would therefore have no bearing upon the tax returns for this year.

The amendment will be found in Vol. 107, page 744, O. L. and you will note it is not mandatory upon the General Assembly, but says, "And Laws may be Based to Provide Against Double Taxation." Leaving it to the legislature to use its pleasure as to enacting a law to carry out the provisions of the amendment. Very truly yours, THE TAX COMMISSION OF OHIO. By George L. Gableman, Secretary.

JAMES HUSTON DIES IN PARKER CITY, IND.

James Huston, a former Greene county man, passed away today at his home in Parker City, Ind., after a long illness.

His death was due to paralysis. The deceased was a son of the late George L. Huston of near New Jasper, and he was a resident of Greene county until he was about 21 years of age, when he moved away from the county. He was about 70 years of age at the time of his death.

Mrs. M. S. Smith is a half sister of the decedent and he has a number of cousins in and near Xenia. Mrs. Smith and Mr. John Huston expect to attend the funeral, which will be held at Park City, at two o'clock, Sunday afternoon.

MRS. E. L. BUCKWALTER SPEAKS ON SUBJECT DEVASTATED FRANCE

A special called meeting by Mrs. Edward L. Buckwalter of Springfield, Ohio, chairman of the American committee for devastated France, was held at the Business Men's club, Thursday evening, when Mrs. Buckwalter gave one of the most interesting talks ever heard in Xenia, and showed views of devastated France which were very appealing.

This organization had its birth June, 1917, when 10 American women in France asked what they could do to help the women of France. The work grew until now it is an incorporated company, with the Hon. Myron T. Herrick of Ohio, as national president, and the French government has asked that the work be continued for at least 18 months longer. They are not asking charity, but reciprocity, as you will readily see, if you will recall your American history. France is not a beggar, but she is in hard luck, and must be helped in a spirit of co-operation.

Every swine, ox, chicken, hare, squirrel, and even the wild birds, have gone, and the soil is shell torn and gas poisoned by the noxious gases used by the Huns.

We have more food than we need; more clothing than we need and more live stock, and we will continue to help our sister republic overseas. A permanent county organization was formed Thursday night with the following officers:

Chairman, Miss Ella Fogg, of Yellow Springs.
Vice chairman, Miss Margaret Steele.

Secretary-Treasurer, Mrs. Leon Reed of Yellow Springs.

Members of the executive board: Mrs. S. O. Hale, Mrs. A. C. Messenger, Mrs. F. C. Hubble, Mrs. Carrie Geyer, Mrs. W. B. Chew, Mrs. H. L. Sayre, Mrs. G. A. Willett, Mrs. Geo. A. Birch and Mr. and Mrs. Theodore Neff of Yellow Springs.

The presiding officer of each woman's organization in the county was also made a member of the executive board.

Ohio has been divided into seven districts, and Greene county is in the Springfield district, and it is up to this county to say what it will do for the women of France.

"Inasmuch as ye have done it unto the least of these my brethren, ye have done it unto me."

JUDGE KYLE ASSIGNED TO LICKING COUNTY

Judge C. H. Kyle received an assignment Friday morning from the Chief Justice to occupy the bench at Newark in Licking county for the next month. He will go to Newark Monday and expects to hold court six days a week until he clears up the docket in that county, which at present is burdened with more than 1,000 cases.

WILLIAM E. EAVEY WILL IS PROBATED

The will of the late William E. Eavey was admitted to probate Friday morning and Mrs. Lulu Eavey, wife of the deceased and his son-in-law, C. E. Hinkle, were named executors in accordance with the wishes of Mr. Eavey as expressed in his will. Their bond was fixed at \$50,000.

Under the will the widow, Mrs. Lulu Eavey, is given the family home and all household furniture and an automobile and all remaining property both personal and real, is divided in four equal shares and given to the widow and the three children of the deceased, Mrs. C. E. Hinkle, Mrs. Oliver Bolden and Henry Eavey. Mrs. Eavey is named in the will as guardian and trustee of Henry Eavey, who is a minor.

While the property has not yet been appraised it is intimated by the relatives of the deceased that the estate will exceed \$100,000 in value.

The appraisers named by the court are W. R. Harner, Henry Peitz and H. E. Eavey.

OVER 16,000 DIED OF FLUE IN OHIO

Columbus, Feb. 14—The "flu" and pneumonia epidemic which swept the world and caused the greatest loss of life during the months of October and November, resulted in 16,443 deaths in Ohio in that period, according to the report of the state vital statistics bureau issued today.

More Ohioans between the ages of 20 and 34 died than those of all other age periods combined.

HARRIETT SELLERS DIES THURSDAY EVENING

After an illness of three or four years duration with tuberculosis, Miss Harriett Sellers, younger daughter of Mr. and Mrs. George Sellers of the Indian Riffle road, passed away at 4:30 o'clock Thursday evening. During the past year her condition had been very critical and the end was daily expected for some time.

One brother and one sister, Ernest and Miss Alice survive her.

Funeral services will be held Monday morning at 10:30 o'clock at the chapel in Woodland cemetery and burial in Woodland.

PRESIDENT WILSON READS DOCUMENT AT PEACE CONFERENCE

Paris, Feb. 14—The first world constitution was made public this afternoon when President Wilson read the draft of the league of nations organization before the general peace congress.

While not containing a provision for any sort of international peace force, the constitution includes stringent measures designed to prevent future wars. In case any nation makes war without first submitting the questions at issue to arbitration, there are the following possible courses open to the league:

Severance of diplomatic relations between members of the league and the recalcitrant power.

Economic blockade of the nation refusing arbitration.

Recommendation by the executive council for the use of force.

The use of force, however, will leave to each power freedom of action under its constitution to make the necessary declarations of war.

The international police force or general staff urged by the French and put to a vote yesterday afternoon after a stirring speech by Senator Bourgeois was overwhelmingly defeated. Only the French and Czecho-Slovaks voted in favor of it. With this feature eliminated, the constitution was adopted unanimously.

The constitution includes a preamble and twenty-six articles, having been increased from the original twenty-two articles during yesterday's session of the league committee. The last articles are devoted to purely parliamentary matters, the others covering organization of the League.

Congratulations on securing adoption of the league constitution poured into American headquarters at the hotel Grillon before this afternoon's plenary session. Members of the league to enforce peace, declared that this is "the golden day in the history of the world" they declared that, despite rumors circulated in Paris France is solidly behind the league plan.

PRESIDENT WILL BEGIN HOMEWARD TRIP AT 10 O'CLOCK FRIDAY NIGHT

Paris, Feb. 14—President Wilson is scheduled to begin his homeward journey at 10 o'clock to-night when he will leave Paris for Brest on a special train. He probably will sail tomorrow after a formal luncheon, given by the Mayor of Brest. The George Washington, on which the presidential party will return, is reported to have arrived in Brest.

The president's decision to return to France as soon as possible, after the adjournment of congress, probably will result in French Ambassador Jusserand, Italian Ambassador Cellere and British Ambassador Reading remaining here instead of accompanying him, as originally planned.

A trainload of boxes and trunks, containing gifts and souvenirs was sent to Brest last night.

"CROSS BEARING" SUBJECT OF SERMON BY DR. ANDERSON

At the Second United Presbyterian church revival, Thursday night, Rev. W. B. Anderson, D. D., of Philadelphia spoke on "Cross Bearing."

Dr. Anderson has entire charge as secretary of the Foreign Board of his denomination of leading the wonderful advance in foreign lands, and his message was not without its reference to foreign neighbors.

Incidentally, he made mention of the fact that a cablegram had just been received, telling of the safe arrival in Bombay, of Rev. Kenneth MacKenzie, the foreign pastor of the Second U. P. church of Xenia, and who was graduated from the Xenia Seminary, last May.

Dr. Anderson's address brought out clearly the fact that one cannot really

though the self nature d'd not exist. We must refuse the self principle within us the right to rule, and put away every species of self indulgence before we can in any sense feel that we have denied ourselves and taken up our crosses to follow Christ.

Tonight, at 7:30, the pastor, Rev. Charles P. Proudfit, will continue his series of studies on the Apostles' Creed, taking the words, "I believe in the holy catholic church; the communion of saints."

The congregation has taken decided hold of the new praise books introduced two weeks ago, and the congregational singing is a rousing feature of each night.

A cordial welcome is extended to the general public to worship in these services.

Glass of Hot Water
Before Breakfast
a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

THEATERS

BLIOU

Fred Stone, whose fame as a stage comedian has spread from coast to coast, makes his debut in motion pictures in the Arctaract picture "The Goat," which appears at the Bijou Theatre Saturday afternoon and night.

Mr. Stone's stage career will be remembered better through his work in "The Wizard of Oz," in which he co-starred with the late David Montgomery for many years. He has also won recent fame in "Chin Chin" and "Jack O'Lantern," while the team of Montgomery and Stone was probably the best known and best beloved of any before the footlights for many years. Mr. Stone has a delightful role in his new picture and has made quite a large hit as he ever did on the legitimate.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in rubbing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its
Natural Color, Gloss and
Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

CATARRH

Quickly Ended by a Pleasant, Healing Antiseptic.

The little Hyomei Inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a lifetime.

Into this inhaler you pour a few drops of magical Hyomei. This is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ-infested membrane where it will speedily begin its work of banishing catarrhal germs. Hyomei is made of Australian eucalypti combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to banish catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It often cleans out a stuffed-up head in two minutes.

Sold by Sayre & Hemphill and druggists everywhere. Complete outfit, including inhaler and one bottle of Hyomei, costs but little, while extra bottles, if afterward needed, may be obtained of any druggist.

Peculiar Form of Bread.

The Indians along the Columbia river make a kind of bread from a moss that grows on the spruce fir tree. This moss is prepared by placing it in heaps, sprinkling it with water and permitting it to ferment. Then it is rolled into balls as big as a man's head, and these are baked in pits.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops neuritis, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

YOUNG GIRL IS PAINFULLY BURNED

Her apron catching fire from an open gas stove, Miss Grace McCoy, 14, who lives with her grandmother, Mrs. Charles Edwards, on West Main street, was painfully burned about the back, hips and hands, at three o'clock, Thursday afternoon.

The young girl was washing windows and had gone upstairs to get a step ladder, when she turned her back to the stove and the back of her apron caught from the flames.

Her clothes were practically all burned from her, the blaze increasing as she ran to get help, and her hands were seriously burned in extinguishing the flames.

Dr. A. D. DeHaven was called and dressed the burns, which he pronounced not serious.

NEIL PRAISES BLANCE ORTON
CHAPTER XI.

That many men made quick fortunes in New York, I did not know. So it is not to be wondered at that I thought my Neil the most wonderful man because he could so quickly rise from comparative poverty to a position very nearly resembling affluence. I was a bit frightened, more than a little disturbed as well as very happy. Frightened because of the way it appeared to affect Neil—he could talk of nothing but his success, what it would mean to us. Disturbed for fear I, a simple country girl, would not be able to hold my own with the people with whom he said we could now mix.

In Huntington one had been almost, if not quite, on a social par with all the rest save only for a few in the laboring class. Now he had not thought we lived handsomely enough to even know his bachelor friends until he had made all this money. He had long ago explained that a bachelor could live for very little because of the demand of hostesses for single men; that we could not hope to keep up with them for the simple reason that our income would not allow us to entertain on the scale to which they were accustomed.

"If we can't do things right, Bab, we won't do them at all," he had said rather impatiently when I remarked that we might do a little entertaining in a simple way. Then when I expressed a fear of meeting any more of his grand friends, he had declared: "You are all right, Bab! You can hold your own with any of them—when you get the right sort of togs. It is like everything else. You play the part better when you are dressed for it. When you met Lorraine Morton you were embarrassed because of her clothes. Honest now, weren't you?"

"Of course I was. She was so stylish, and I looked so ordinary."

"Well, unless all signs fail, you can order all the clothes you want to in another week. And Bab, go to the host. I'm sick of staying at home. Get yourself togged out, and we'll show the natives a trick or two."

Among the few women I had met in the year we had been married was a Mrs. Orton, a handsome, rather bold-looking woman. She had made a remark in my hearing which had called my attention to her. She had said:

"What I want, I get—if not in one way, in another. Don't you? You are foolish if you do not. There's always more than one way to manage."

I had repeated her little speech to Neil, and he had replied:

"Blanche is right. It is easy to get what you want—if you want it badly enough."

"Blanche—do you know her well?" "I have known her for a long time, two or three years. She's a peach, too! the kind of a woman who would push a man on to success."

"What kind of a husband has she?" "A nincompoop—he's a semi-invalid, so he claims."

"He has lots of money hasn't he?" "No. She has that."

"Some way, I didn't like her very well."

"That's to bad, because I do."

"It makes me nervous to be with those women. They look so smart, and they talk about things of which I know absolutely nothing." I did not add that I had been happier not to know them. It would have displeased Neil.

It is said that it is in her own drawing-room that a woman is most certain of social success. That it is her battle-field upon which she prepares herself for victories. But with me it had proven almost a Gethsemane. Not that anyone was really aware of it; I had learned to cloak my feelings. But there was always the constant fear that I would do something to embarrass Neil—perhaps that I was not gowning to please him. I was so in love with my husband that the thought of displeasing him seemed to me terrible, and often made me self-conscious.

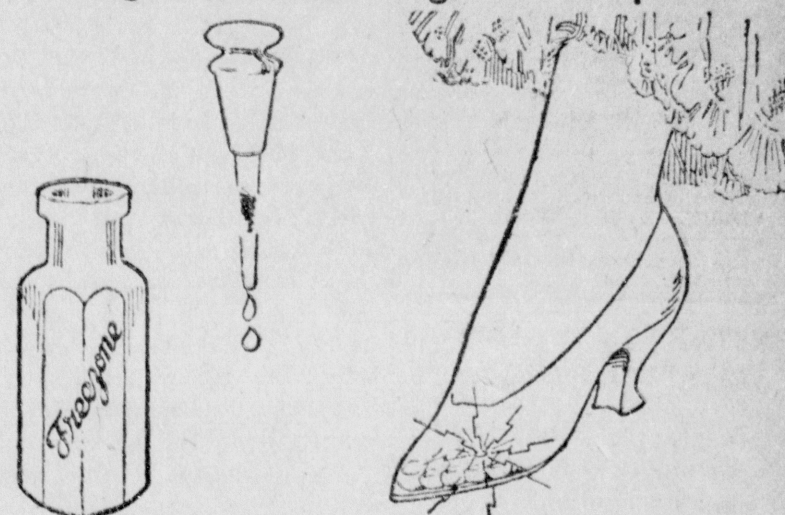

Neil had told me when we were first married that the secret of a woman's popularity lay in an unlimited ability to listen to what others were saying. I had tried to become a good listener, as a consequence. But often when I heard women like Blanche Orton chat and fling back gay repartee, I thought that it required something besides listening to be as popular as they were.

Tomorrow—Blanche Orton instills a doubt in Barbara's heart.

EAST END NEWS

About two hundred invitations have been sent by the Twentieth Century Club for the Colonial Tea. As the committee did not know the names of all members of the various clubs of the city and Wilberforce, an invitation was sent to each president, hoping she will notify her members and the "grown ups" of the families. (Signed,) The Committee.

Mr. Murray Marvin has been transferred from Chicago to Philadelphia. He is in the drafting plumbing business at a salary which begins at \$2000 with the promise of an increase to \$2400. His family will stop over here for a few weeks with Mrs. Marvin's parents, Mr. and Mrs. Ambrose Gee, of East Market street.

The Greene County branch of the N. A. A. C. P. will meet at Jamestown Sunday. The services will begin promptly at two o'clock at Ross Chapel A. M. E. church. Persons from all over the county contemplate going, and no doubt a large crowd will be in attendance. The hospitality of Jamestown people is so widely known and that alone will insure a good crowd.

Miss Hallie Q. Brown and some of the best talent of the city will appear on the program at the Colonial Tea given by the Twentieth Century Club. Mr. Harry Vaughn and Miss Martha Powell were united in marriage Wednesday morning at the home of the bride, in the presence of her father

performed by the bride's pastor, Rev. A. M. Howe. The youthful couple went immediately to South Bend, Ind., where they will stay for a while with Mr. Vaughn's mother. Later they intend to return here and make their home with Mr. Charles Powell, father of the bride.

The Pentecostal power is asserting itself powerfully at Middle Run Baptist church revival. The spirit is falling upon many and they are being happily converted. The crowds and the interest increases nightly.

Mrs. Marie Knight is reported to be confined to her bed by reason of illness.

Miss Susie Vaughn was married to Mr. Leroy Washington in South Bend, Ind., by Rev. A. F. Redding.

Old Rivers and New.

Henry praised to me lately the manners of an old-established, calm, well-behaved river, as perfectly distinguished from those of a new river. A new river is a torrent, an old one slow and steadily supplied. What happens in any part of the old river relates to what befalls in every other part of it. 'Tis full of compensations, resources and reserve funds.—Emerson's Journal.

VALENTINE DAY AND A VALENTINE STORY.

Valentine Day, (Feb. 14th.) the day on which a letter or some expressive token containing sentiments of admiration or affection, sent usually anonymously, to persons of the opposite sex.

Called for St. Valentine, a Bishop or Presbyter, who was beheaded at Rome in 270, in the reign of Emperor Claudius, and was early canonized. He was said to be a man of most estimable parts, so famous for his Love and Charity that the custom of choosing Valentines upon his festival was commenced.

Others claimed that the Valentine custom had its origin from the supposed usage of birds to select their mates on this day. Others again claim the Valentine custom came from a practice prevalent in ancient Rome at the purification festival of Lupercalia, during the month of February, when, among other ceremonies, the names of young women were placed in a box, from which they were taken by young men, as chance directed. The pastors of the early church, however, somewhat changed the form to the custom on the eve of Feb. 14, St. Valentine's Day, to have the names of a select number of one sex put into some vessel by an equal number of the other, and thereupon every one drew a name, which for the time being was called his or her Valentine.

Just when the custom came in vogue of a male youth, as a general thing, sending elaborate and often very costly Valentines to the young lady whom he secretly or avowedly loved, we cannot say. But we know the practice has been going on for three or four score years, though latterly much abridged in practice, and to a considerable extent reduced to what is known as the ridiculous comic Valentine, these often sent as "a hit" at the peculiarities of the recipient.

Everybody has had his own particular Valentine experience, and mostly this is private property, "under the rose" as to others. And, may we say, this is afterward looked upon as the "callow" period of life, when we were mellow with Love. Wouldn't it be a good thing for most of us if this "mellow" stage had a more sticking quality?

The writer once spent Valentine Day under peculiar circumstances. Called on business to our former home at Lawrenceburg, Indiana, during one of its many high water overflows, we took with us, from one of our twine mills, a great cable rope to fasten a house to a tree, to keep the house from going down the Ohio river. While there we were stopping at Hunt's hotel, on the second story the flood water being ten feet deep on the first story. Looking out a window, to across the street, to Jesse Harper's newsstand, we saw a board sign nailed from the top of the doorway and on it in foot-large letters the word VALENTINES, the high water just lapping the bottom of the board. The ridiculousness of the thing was so apparent that we never forgot it. So we give it to you as part of our "Valentine story."

PORT WILLIAM

Mrs. Ella Hollaway, of Dayton, was the recent guest of Frank Ellis and family.

Miss Martha Stanton, of Springfield, is visiting at the home of Foster L. Earley.

Revival meeting is in progress and we are having good meetings and large crowds are in attendance.

Lee Murphy, of Paintersville, spent the week-end with his grandparents, Frank Shaw and wife.

Grover Earley has sold his farm south of town to Will Stephens. Mr. Earley has purchased the property of Mrs. Jane Ann Starbuck, and will soon remove to town with his family.

Alva Woods arrived home last Saturday having received his honorable discharge. He recently returned from overseas.

Mr. and Mrs. James L. Murphy, of Paintersville, were the Sunday guests of Joshua Ellis and family.

James Brown has returned home from Urbana, where he spent the past week visiting his son, Emmitt.

Mr. and Mrs. (Thomas) Fisher and son, Thomas, Jr., spent Sunday with Mrs. Fisher's brother, "Con" Sullivan, in Washington.

The Caesar Creek basketball teams played our boys Friday evening on the local floor at this place, the score being on the High School Team 16-18 in favor of Port William, and on the Independent team, 15-23 in favor of Caesar Creek.

GREAT INCREASE IN FARMERS' USE OF AUTO TRUCKS.

Suggestion was made lately by one of the leading economists in the railroad field that it would be profitable to the railroads and the public if various branch lines were torn up and the railroad beds rebuilt into first-class public highways, over which farmers and others could get their goods to and from the main line by motor truck or other vehicle.

Apparently, from reports made to the Department of Agriculture, the farmers throughout the country are using the motor truck even where they could use the railroad, and are willing to pay the higher cost because of the quicker and better service obtained.

The motor truck is used particularly for live stock, but a lot of freight of other kinds is being transported.

The department says motor truck companies have been formed in many towns and cities within a radius of fifty miles of Omaha to meet the demands of farmers for such service. These companies are developing not only the live stock trade, but also a "back haul" trade of groceries, merchandise and general freight, such as feeds, fertilizers and farm supplies. On one morning this winter between 5:30 and 8 o'clock forty truckloads of live stock were delivered at the Omaha yards, and of this number nineteen of the vehicles were owned by farmers.

THE ARMADILLO AS A DIGGER

In a Tug-of-War With a Boy the Animal Won Out in Quite Easy Manner.

One day I was standing on a mound when an armadillo bolted from his earth and running to the very spot where I was standing began vigorously digging to escape by burying himself in the soil.

Neither men nor dogs had seen him, and I at once determined to capture him unaided by anyone and imagined it would prove a very easy task.

Accordingly I laid hold of his black bone-cased tail with both hands and began tugging to get him off the ground, but couldn't move him. He went on digging furiously, getting deeper and deeper into the earth, and I soon found that instead of me pulling him out he was pulling me in after him.

It hurt my small boy pride to think that an animal no bigger than a cat was going to beat me in a trial of strength, and this made me hold on more tenaciously than ever and tug and strain more violently, until not to lose him I had to go flat on the ground. But it was all for nothing. First my hands, then my aching arms were carried down into the earth, and I was forced to release my hold and get up to rid myself of the mound he had been throwing up into my face and all over my head, neck and shoulders.—From "Far Away and Long Ago" by W. H. Hodson.

Not as a Rule.

Sometimes two slang expressions may sound much alike, yet have very different meanings. For example, when a man tumbles to a thing he does not fall for it.—Youth's Companion.

IT PUTS THE 'PEP'

Into Peptiron.—The Combination of Pepsin, Nux, Iron, Celery.

This is what makes Peptiron of wonderful therapeutic value, and so successful after influenza, the grip and in blood and nerve troubles, anemia, paleness, nervous weakness and the exhausting worry and anxiety over the world war.

It is a real iron, blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles.

Your druggist knows its great merit.

Umbrellas Not Always Popular.

Before umbrellas became common, an article resembling a parasol was used by the ladies to keep off the rain. These were called "quitasols," a name derived from the Spanish; they were of oiled muslin, were of various colors and were imported from India by the way of England. After these came umbrellas, which were also made of oiled linen, but the linen was coarse and the umbrella large and bulky. In 1771, a noted doctor and a famous preacher tried to introduce the fashion of using umbrellas, to keep off the sun, but "they were scouted in the public gazettes as a ridiculous effeminacy."

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

ANTIOCH WILL BE COLLEGE FOR NIGHT SCHOOL GRADUATES

The Ohio State Journal contains the following article regarding the transfer of the management of historic Antioch college at Yellow Springs, to the Young Men's Christian Association which will operate the institution as a federal university:

"A college for night school graduates.

This is the plan of the Young

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If cross, feverish, sick, bilious give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know, a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Men's Christian Association, which will take over control in June of Antioch College at Yellow Springs, Greene County.

The association has felt for some time the need for an institution which would admit upon certificate those who had completed preparatory courses in educational departments of city branches and which would carry on the vocational training which has become an important part of the association's peace-time activities.

Founded in 1853 by Horace Mann, probably the best-known educator of his day, Antioch College is said to have been the first college in the world to open its doors to men and women upon an equal basis. This claim, however, has been disputed. It has graduated many men who afterward became nationally known.

Congressman Simeon D. Fess has served as president over 10 years. For generations the Christian church has managed the college, but in recent years it has been non-sectarian according to its charter.

It is expected that the Y. M. C. A. will greatly increase the plant and equipment. Plans for a \$1,000,000 endowment fund are talked of.

Formal transfer of the institution to the association will not be made until after the end of the school year in June, it is said, but in the meantime it will be represented upon the board of trustees by three members, one of whom, Dr. Grant Perkins, was elected president recently to succeed Dr. Fess.

Dr. Perkins is now a resident of Columbus. He is in charge of the Sunday school branch of the Cincinnati area in the Methodist centenary movement. Formerly he was a Methodist Episcopal minister, serving in Indiana and Kentucky conferences. Lately he has been in Y. M. C. A. work at Camp Sherman.

Y officials are thinking of getting other colleges for the purposes to which Antioch will be devoted. So far as known Antioch is the first college acquired in an effort to extend greatly Y educational work in the United States.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

Yes girlie, Resinol will fix that rash

It is terrible to see the little ones suffer so, especially when relief is so near at hand. That angry looking and irritating rash your child has may be relieved almost instantly by applying Resinol Ointment.

Eczema, ringworm, and similar skin affections quickly yield to the soothing medication of this famous ointment. Take such ailments in time before they become serious.

Resinol Ointment and Resinol Soap are sold by all druggists.

DISCOURAGED

You have tried everything. It's the same old story. I hear it everyday. Your courage is gone, your faith is gone. The end would be gladly welcomed, but even that won't come. What would you give to be a well man—a well woman? What wouldn't you give? Worse cases, perhaps than yours, are yielding as if by magic to its subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock or false modesty, you deserve to suffer. 98 per cent of the supposed incurable cases could be relieved physically and mentally, if they would only confess it to a friend, family, or better, a skilled physician. Don't argue I've tried electricity with no results—you may have no idea what an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment.

Remember, all the wishing, hoping and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction?

An X-ray examination will cost you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not curable you can be treated in one of the most completely equipped offices in the Middle West. 25 years' experience.

Relieve Your Indigestion With A Laxative

Dyspeptics know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time, swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. The laxative herbs act on the bowels and the pepsin and extracts on the digestive tract, forming an exceptionally effective laxative- tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

FREE SAMPLES—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

THINK OF THE MONEY YOU CAN SAVE ON SHOES

Clarence J. Bloemer of St. Louis, Missouri, writes, "I have a pair of shoes with Neolin Soles and have used them for two years. I think they will last another six months."

Mr. Bloemer also recommends Neolin Soles for their comfort and waterproofness.

It is a remarkable fact that Neolin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neolin Soles. Remember—these soles are made by Science to be especially tough and durable. They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

FOR FEEBLE OLD PEOPLE

John Devitt Recommends Vinol to Create Strength and Vitality

Marion, N. J.—"I am 69 years of age and after a severe sickness, was in a weak, run-down condition. Vinol has built me up and made me strong. so now I feel real well again, and I can recommend it to others for such conditions."—John M. Devitt.

The reason Vinol was so successful in Mr. Devitt's case, is because it contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength. It is perfectly wonderful what it does for old people. Sayre & Hemphill, and druggists everywhere.

Hardly an Ideal Citizen.

There is a story told of an ancient dandy in London who, taking, one sunny afternoon, his accustomed stroll down Bond street, met an acquaintance hurrying in the direction of Westminster. "Whither away so fast this hot day?" murmured the dandy. "To the house of commons," cried his strenuous friend, brushing past him. "What?" said the dandy, with a yawn, "does that go on still?"—Exchange.

Pizarro's Famous Voyage. December 28 is the anniversary of the fifth start of Pizarro, in 1530, from Panama for Peru. The daring voyager refused to give up his dream of finding gold in the Andean kingdom. The success of his enterprise from a money standpoint astounded the world and resulted in the conquest of the incas.

AGED XENIA MAN PASSES BEYOND

Felix Eyman, aged Xenia resident, passed away at 12 o'clock Friday night at the Espey hospital. Death was due to bronchial pneumonia and he had only been removed to the hospital a few days before.

Mr. Eyman was born June 27, 1839 and was thus 79 years of age when he died. He was married to Miss Elizabeth Peterson, in April 1874, and she preceded him in death four years ago last August. There are no children, but one brother, Al Eyman, lives at Port William.

Mr. Eyman lived practically all his life in this county, on a farm in the Eleazer neighborhood. He moved to this city five years ago and had since been living on South Detroit street. He was a veteran of the Civil War and a member of the G. A. R.

Funeral services will be held Saturday afternoon at two o'clock at the home of Mrs. Belle Anderson on S. Detroit street.

Check and Abort a Bad Cold

In Five Hours With MENTHO-LAXENE.

You Buy It Concentrated and Mix With Pint of Syrup.

Doubtless every reader recalls having neglected a slight cold until in 24 hours it settled into a "Bad Cold" and then about 72 hours of distress, discomfort, if not weeks of bronchitis or pneumonia or catarrh. Now confess, if you've had such an experience, and take time by the forelock by preparing to check and abort colds, coughs, catarrh, difficult breathing, watering eyes and painful headaches.

It can be done, by taking Menthio-Laxene either in its raw state—ten drops to the dose—or by making a granulated sugar syrup and mixing in a pint bottle or jar. A pint will last a whole family for a long time and keeps every member free from the distressing after-effects of a bad cold. Menthio-Laxene is guaranteed to please or money back by The Blackburn Products Co., Dayton, Ohio, and any well stocked druggist can supply you. Don't take a substitute. There is really nothing to compare with Menthio-Laxene. adv

SAYS! NERV-WORTH HAS BEEN A BOON TO HER HUSBAND

MRS. J. H. GENTNER, OF ALPHA, GLOWINGLY PRAISES THIS FAMOUS FAMILY TONIC

Mr. Gentner is the well known Alpha carpenter. His many friends will read of the recovery of his health with pleasure and interest. Said Mrs. Gentner a few days ago:

Sayre & Hemphill—My husband was restless and nervous. Couldn't sleep at night and felt worse on getting up than when he went to bed. His stomach was out of order and he had no appetite. He has taken one bottle of Nerv-Worth and feels great improvement. Stomach no longer bothers him. Sleeps fine; and he feels refreshed on getting up. Nerv-Worth surely has been a boon to him. We recommend it most highly.

MRS. J. H. GENTNER, Alpha, Ohio.

Nerv-Worth steadies and strengthens the nerves, whets the appetite, adds flesh, aids digestion, rouses the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headache and other aches and pains, builds up run-down systems. Your back-ache, Sayre & Hemphill's, Xenia, if Nerv-Worth does not benefit you. adv

DOING HIS DUTY

"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of Mayr's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill and druggists everywhere. adv

Quinine That Does Not Affect Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

No Need To Be Thin, Scrawny or Sallow

If you are thin and want to be plump; if you have wrinkles in your face that you are not proud of; if the skin is sallow or subject to pimples or blackheads, take Mi-o-na stomach tablets for two weeks and notice the change.

The majority of the thin people are thin because the stomach does not perform its duties properly. It is not secreting sufficient of the natural digestive juices and in consequence does not extract from the food enough nutritive matter to nourish every part of the body.

Mi-o-na stomach tablets are intended to build up the stomach so that it will act properly and extract from the food the elements necessary to form flesh.

If you are thin try two weeks treatment of Mi-o-na stomach tablets—they are small, easily swallowed, and are sold on the guarantee of money back if they do not overcome chronic indigestion, acute or chronic, stop stomach disturbance, belching, heartburn, sour stomach, and any after dinner distress. For sale by Sayre & Hemphill and all leading druggists. adv

A Mother's Happiness Made Perfect

Of Utmost Importance That She Have Every Care.

The expectant mother's physical comfort and all about her preparation for baby's coming is complete.

There is a most splendid remedy to prepare women for the greatest time in their lives, known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerve cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours at the time are fewer, and pain and danger at the crisis is naturally avoided.

Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly lubricated. Discomfort during the period is counteracted, and the skin, after the crisis, is left smooth and natural.

Write to the Bradfield Regulator Company, Dept. B, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store today without fail.
